PUBLIC COMMENT

Theresa Bratcher – Heart of Poseyville Touch the Truck Event

Mrs. Bratcher provided the Council with the Touch the Truck Event for August 29, 2026 at North Posey High School in conjunction with FFA. Mrs. Bratcher provided a summary of the trucks participating to date. Was curious if the Town has a truck, they wanted to bring for the event. Mr. Rutledge thanked Mrs. Bratcher for the information and would reach out to town Utility Superintendent to see if we had something not already represented to bring in addition to our fire and police service vehicles.

Mrs. Bratcher also reminded everyone that the final Farmer's Market will be on August 18, 2026. It is the back-to-school event where we cram the cruiser night for school supplies. All supplies will go to the main office and the teachers at North Elementary can come and obtain supplies. The Council thanked Theresa for all her work with the Farmer's Market and events she works so tirelessly to have for everyone in Poseyville.

Angela Bender – Heart of Poseyville Crosswalk Request

Mrs. Rankin provided a summary of the request prior to Mrs. Bender speaking. Mrs. Bender spoke to the Council about contacting INDOT to have a crosswalk marked on Main Street between Main and Locust and Main and Cale. Mrs. Bender did contact INDOT. INDOT informed her that a town appointed representative would need to contact them to have that project reviewed. The Council agreed that it would be a great idea and thanked Mrs. Bender for her request. Mrs. Rankin indicated to the Council that she will make the call to INDOT to see how we can expedite the request. No further action was required.

Mrs. Kight – Various Town Concerns

Mrs. Kight requested to address the Council regarding several issues.

1. Property on South Sharp Street – Weed Compliance

Mrs. Kight stated that she was under the impression that Mr. Carter had discussed the property on South Sharp Street with Mr. Collins. She indicated that the property remains noncompliant regarding the growth of weeds and asked for an update on the status.

Mr. Rutledge stated that the Council would follow up with Marshal Carter regarding the matter. Marshal Carter was unable to attend the meeting due to being at training.

2. Traffic on South Street and South Sharp Street

Mrs. Kight referenced concerns raised by Mr. Baughn at the previous month's meeting regarding the flow of truck traffic on South Street and South Sharp Street.

Mr. Rutledge reported that his previous contact with Google had not resulted in any changes. He stated that he is continuing to look for a solution to have the appropriate truck routes reflected on Google Maps and other GPS navigation systems.

Mr. Rankin noted that the Interstate 64 westbound entrance ramp is now open and expressed hope that this would reduce or eliminate truck traffic being routed through these streets.

Mr. Rutledge stated that he would also contact WSI to determine what routing services they use and would continue working on the issue.

3. Traffic Enforcement and Stop Signs

Mrs. Kight expressed concerns that motorists are not properly stopping at stop signs throughout Town. She stated that her neighbor had observed Indiana State Police officers in Town recently conducting traffic stops and questioned why the Town Marshal had not been conducting similar enforcement or asked about the current status of traffic enforcement.

Mr. Rutledge explained that the Indiana State Police have jurisdiction within the Town in addition to the Town Marshal.

4. South Church Street Property and Town Police Patrols

Mrs. Kight thanked Posey County for beginning to clean up the property at the end of South Church Street and for taking steps to protect the citizens of Poseyville. She also expressed concerns regarding the safety of residents due to what she described as a lack of Town police patrols. She asked whether the Town Marshal had assisted the County with the recent events at the South Church Street property.

Mr. Rutledge first thanked the Posey County Sheriff's Department for its assistance to the Town. He informed Mrs. Kight that the Town Council would be holding an Executive Session with Marshal Carter in the near future to discuss the same concerns and issues regarding Town police coverage and enforcement.

Potential Small Incremental Rate Increase Proposal

Clerk-Treasurer spoke to the Council about a proposed small incremental rate increase for water and gas services. The rising cost of maintenance and supplies continues to grow. Would it be best to have a small increment each year of \$.10 or 1% opposed to waiting ten years and having several dollars at a time. Mrs. Rankin provided the Council with scenarios on what that increase would look like.

Mr. Rutledge voiced that he understood the approach and wanted to hear from the customers within the Town. How do you feel about that. We welcome those that would be willing to share your thoughts at the next meeting where the ordinances might be introduced for the first time for consideration.
